A Look Back at 2025

It's been another busy year for the Abbotsford Chamber of Commerce. We have hosted numerous events, including Business After Business mixers, luncheons, the annual golf tournament, an industrial bus tour, and the ever popular Business Excellence Awards. Our advocacy efforts have reached all levels of government and gained support from the provincial and federal Chambers of Commerce.

The Chamber staff, under Alex Mitchell's leadership, ensured that all events were meticulously planned and executed. Our board members took time out of their busy schedules to attend numerous events and meetings while representing their various industries. It is an honor to work alongside such a talented team.

Each year, various organizations choose a word to encapsulate the year gone by as the "word of the year". As I look back on the year 2025, a number of words come to mind.

Tariffs: the looming threat of a trade war, constantly changing dates for the imposition of tariffs, escalation of tariffs. Trade disruptions and penalties

have created a tremendous amount of turmoil and uncertainty.

Supply chains. As existing trade networks have become less viable, many businesses have been forced to find new suppliers or new buyers, showcasing the importance of our transportation infrastructure, such as Highway 1 and the Abbotsford International Airport.

Many other words come to mind, but perhaps my favourite is: "**Resilience**". It's been a tough year, for many of us. The bottom line took a hit, and we've had to find a way to move forward. We've changed how we do business and we've changed who we do business with. While we didn't look for adversity, many of us have found some opportunities that we had previously missed or even ignored.

As President of the Abbotsford Chamber of Commerce, I've had the opportunity to meet with many local entrepreneurs and business leaders.

PRESIDENT'S MESSAGE

The story is similar in all our discussions, and the overall message is clear; the grit and determination of Canadian businesses always rises to the occasion.

Maybe "**Proud**" is a better word. I'm proud of the team around me, and I'm proud of Abbotsford's business community.

As always, our Chamber is here to support you and the growth of your business in our community. We're committed to championing all of our members and building a stronger and more vibrant local economy.

- **Paul Penner**
Board President

Celebrate a Successful 2025 With the Chamber and the Mayor

The Abbotsford Chamber of Commerce is kicking off the holiday season with its annual Mayor's Lunch and Holiday Celebration, welcoming residents and local business leaders for an afternoon of good food, community spirit, and festive fun. Mayor Ross Siemens will take the stage to share updates on the city's priorities, accomplishments, and vision for Abbotsford's future, followed by an open Q&A through Slido. Guests can enjoy a seasonal lunch, connect with neighbours, and get into the

holiday spirit by wearing an ugly sweater or their favourite red, white, or green attire. A community tradition that blends celebration with civic insight, this year's event promises to be a cheerful and engaging start to the holiday season!

"Bringing the community together to hear directly from Mayor Siemens has become a meaningful tradition for our Chamber," said Alex Mitchell, CEO of the Abbotsford Chamber of Commerce. "It's a chance for residents and business leaders to connect, celebrate the season, and engage in conversations about Abbotsford's future."

The event will take place at the Clarion Hotel & Conference Centre on December 10th from 11:30 AM to 1:30 PM. Register today through www.abbotsfordchamber.com

TO KEEP THINGS FESTIVE,
